

IMPLANT LIBRARIES & DIGITAL SCANBODIES LIST

LAST UPDATE: 05/01/2021

Please consider the following when reading the list:

- Each line is considered one library.
- Some libraries can be used to 2 or more platforms. The information will be written in the library name

Example:

Implant Library + Digital Scan body compatible with – Biomet 3i External Hexagon 3.4

Implant Library + Digital Scan body compatible with – Biomet 3i External Hexagon 4.1 - 5.0

Here we have 2 libraries for External Connection.

The first library is good only for platform 3.4, while the second library can be used to platform 4.1 as well to platform 5.0.

All files are compatible with Exocad software and Ceramill Mind solution.

Available as well for 3shape and DWOS software (on demand).

Implant Libraries & Digital Scanbodies List:

Implant Library + Digital Scanbody Compatible with – Adin Closefit NP 3.0

Implant Library + Digital Scanbody compatible with – Alphabio Internal Hexagon 3.3 - 3.7 - 3.75 - 4.2 - 4.65 - 5.0 - 5.3

Implant Library + Digital Scanbody compatible with – Ankylos Balance Base

Implant Library + Digital Scanbody compatible with – Ankylos Universal Abutment A 4.0

Implant Library + Digital Scanbody compatible with – Ankylos Universal Abutment A 6.0

Implant Library + Digital Scanbody compatible with – Ankylos Universal Abutment B 4.0

Implant Library + Digital Scanbody compatible with – Ankylos Universal Abutment B 6.0

Implant Library + Digital Scanbody compatible with – Anthogyr Conical 4.0

Implant Library + Digital Scanbody compatible with – ARDS Internal Hexagon 3.75

ASTRA TECH IMPLANT SYSTEM

Implant Library + Digital Scan body compatible with – Astratech EV 3.0
Implant Library + Digital Scan body compatible with – Astratech EV 3.6
Implant Library + Digital Scan body compatible with – Astratech EV 4.2
Implant Library + Digital Scan body compatible with – Astratech EV 4.8
Implant Library + Digital Scan body compatible with – Astratech EV 5.4
Implant Library + Digital Scan body compatible with – Astratech Osseospeed 3.0
Implant Library + Digital Scan body compatible with – Astratech Osseospeed 3.5 - 4.0
Implant Library + Digital Scan body compatible with – Astratech Osseospeed 4.5 - 5.0
Implant Library + Digital Scan body compatible with – Astratech UniAbutment 20°
Implant Library + Digital Scan body compatible with – Astratech UniAbutment 45°

Implant Library + Digital Scan body compatible with – BBC Mytis Arrow Fit System 3.3 – 3.7 – 4.0

Implant Library + Digital Scan body compatible with – Biohorizons Internal Hexagon 3.0
Implant Library + Digital Scan body compatible with – Biohorizons Internal Hexagon 3.5
Implant Library + Digital Scan body compatible with – Biohorizons Internal Hexagon 4.5
Implant Library + Digital Scan body compatible with – Biohorizons Internal Hexagon 5.7

Implant Library + Digital Scan body compatible with – Biomet 3i Multi Unit 4.8
Implant Library + Digital Scan body compatible with – Biomet 3i Certain Internal Hexagon 3.4
Implant Library + Digital Scan body compatible with – Biomet 3i Certain Internal Hexagon 4.1 - 5.0

Implant Library + Digital Scan body compatible with – Biomet 3i External Hexagon 3.4

Implant Library + Digital Scan body compatible with – Biomet 3i External Hexagon 4.1 - 5.0

Implant Library + Digital Scan body compatible with – Bionnovation Mini Conical 4.8

BIOTECH DENTAL

Implant Library + Digital Scan body compatible with – Biotech 4.8 Conical

Implant Library + Digital Scan body compatible with – Bredent Sky SCN 3.5 - 4.0

Implant Library + Digital Scan body compatible with – Bti Internal 3.5 - 4.1

Implant Library + Digital Scan body compatible with – Conexão Standard

Implant Library + Digital Scan body compatible with – Conexão Cone Morse 3.5 - 3.8 - 4.5 - 5.5

Implant Library + Digital Scan body compatible with – Conexão Conical 5.0

Implant Library + Digital Scan body compatible with – Conexão Esteticone 5.0

Implant Library + Digital Scan body compatible with – Conexão Esteticone 5.0 Non-Engaging

Implant Library + Digital Scan body compatible with – Conexão External Hexagon 3.3

Implant Library + Digital Scan body compatible with – Conexão External Hexagon 3.75 - 4.0 - 5.0
